

Capture 5 in a Row!

Roll the dice. Now you have a decision: What should you do to the dice? First, you must decide if you would like to change the place value of one dice to the tens. **Next**, you can add, subtract, multiply or divide in order to capture 5 numbers in a row before your partner does.

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30
31	32	33	34	35	36	37	38	39	40
41	42	43	44	45	46	47	48	49	50
51	52	53	54	55	56	57	58	59	60
61	62	63	64	65	66	67	68	69	70
71	72	73	74	75	76	77	78	79	80
81	82	83	84	85	86	87	88	89	90
