

Capture the Square: Friendly 10 Doubles Adding

Step 1: Draw one card from a 10 deck or Friendly 10 deck

Step 2: Double it!

Step 3: Capture one side of the square that the answer is in by drawing a line on one side of the square using your colour. If you are the one who captures the last side of the square, it is your point!

10	4	100	2	200
6	20	80	160	8
12	140	40	16	180
14	60	120	20	18
