## Multiplication Table battle!

- Use rock, paper, scissors to decide who will start. Your job is to try to get more 3-in-a-rows than your partner.
- Partner 1 records a solution to any row times any column anywhere on the multiplication chart. Use a coloured pencil or marker that is different than your partner's.
- Now partner 2 takes a turn. Try to think of ways to block one another while setting up your own 3-in-a-row!
- Keep going until you have filled up as much of the board as possible. Count your 3-in-a-rows. The most wins!

| $x$ | 0 | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 | 10 |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| 0 |  |  |  |  |  |  |  |  |  |  |  |
| 1 |  |  |  |  |  |  |  |  |  |  |  |
| 2 |  |  |  |  |  |  |  |  |  |  |  |
| 3 |  |  |  |  |  |  |  |  |  |  |  |
| 4 |  |  |  |  |  |  |  |  |  |  |  |
| 5 |  |  |  |  |  |  |  |  |  |  |  |
| 6 |  |  |  |  |  |  |  |  |  |  |  |
| 7 |  |  |  |  |  |  |  |  |  |  |  |
| 8 |  |  |  |  |  |  |  |  |  |  |  |
