

Splat: Play and Think

Step 1: Decide on your total number. Collect that many counters →

Total

Step 2: Make sure you have 1 splat and a pencil to record thinking.

Step 3: Partner 1 decides on a number under 10 and then covers up that many counters. Some counters will likely not be covered.

Step 4: Partner 2 tries to figure out the number that is under the splat. Record your work, reveal and switch!
