

Top Dog Finds the Difference (up to 20)!

1. Roll two 20-sided dice or draw 2 cards from the 20 deck.
2. Find the difference. Put your counter on the circle next to the solution. If the spot is already taken, no problem. Put your counter over the other counter.
3. **Who's the top dog?** Keep playing until the teacher says stop! Then count how many times your counter is on top. If you have the most counters, you are the top dog!
