

## Top Dog Adds Friendly 10's!

1. Roll two 10-sided friendly 10 dice or draw 2 cards from a friendly 10 deck of cards.
2. Find the sum. Put your counter on the circle next to the solution. If the spot is already taken, no problem. Put your counter over the other counter.
3. **Who's the top dog?** Keep playing until the teacher says stop! Then count how many times your counter is on top. If you have the most counters, you are the top dog!
